

MOUNT HOPE CHRISTIAN ACADEMY

Blanket Field Trip Permission and Transportation Authorization

This form provides blanket permission for your student to participate in field trip activities and enhanced curriculum activities (e.g., visits to library) throughout the academic school year. You will be notified of field trips in advance and may choose to have your student opt out of any field trip by notifying your student's teacher in advance via written communication. Enhanced curriculum activities will be included in the weekly class schedules.

This form also authorizes Mount Hope Christian Academy to transport your student to and from scheduled field trips and enhanced curriculum activities in Mount Hope Christian Academy designated vans. In order to transport your student, he/she must have an approved car or booster seat. We strongly recommend a car or booster seat with the student's name on it be left at the Academy to avoid any chance of your student not having a car or booster seat on the day they will be transported via an Academy van. Otherwise, you must provide a car or booster seat on the day of the trip.

Please initial below as appropriate, sign/date the form, and return to the Academy.

_____ My child is authorized to participate in all planned field trips and enhanced curriculum activities for the _____ academic school year.
(enter school year)
